

Assemble vacuum

Attach on-board accessories

2 WAYS TO CLEAN!

UPRIGHT

LIFT-AWAY™

Attach any of the specialised cleaning accessories to handle or wand

Note: For a list of what is included with this model, refer to inside flap of box.

Empty dustcup after each use

Wash filters every month.

Rinse filters and allow to air dry completely. Tap loose dirt from foam filters as needed between washes. Note: The foam filters may discolour over time. This is normal.

Congratulations!

Thank you for choosing
Shark® Lift-Away™ -
 the key to cleaning better,
 faster and easier

- ✓ No Loss of Suction* - keeps vacuuming power strong from start to finish
- ✓ Anti-Allergen Complete Seal Technology
- ✓ Enhanced Swivel Steering for easy manoeuvrability
- ✓ Versatile and ergonomic tools

*Based on IEC 60312-1 Standard

ANTI-ALLERGEN COMPLETE SEAL TECHNOLOGY®

Did you know?

Even low levels of particle pollution can cause coughing and wheezing and put children, teens and seniors at risk for things like asthma. Only a completely sealed system like the Shark® prevents dust and allergens from escaping back into the air.
